## Dakota's Immensity.

Sir Thomas Lipton, at a dinner in Chicago, in paining America's bigness, said:

I once heard a Dakotan talk about the big farms they have out there.

"We have some sizable farms," he said, thoughtfully. "Yes, sir; pretty sizable; I've seen a man on one of our big farms start out in the spring and plow a straight furrow till fall. Then he turned around and harvested back."

"Wonderful," said I.

"On our Dakota farms," he went on, "it's the usual thing to send young married couples out to milk the cows. Their children bring home the milk."

"Wonderful," I repeated.

"Once," he said, "I saw a Dakota farmer's family prostrated with grief. The women were weeping, the dogs were barking, the children were squalling, and the tears streamed down the man's face as he got into his 20 mule team and drove off."

"Where was he going?" said I.

"He was going half way across the farm to feed the pigs," said the Dakotan.

"Did he ever get back?" I asked.

"It ain't time for him yet," was the reply.—Home Magazine.

## CHURCH MATTERS.

Rev. L. M. Ormer will preach at the Hubble Christian church Sunday afternoon at 2:30 o'clock.

Rev. J. M. Taylor, of the Baptist Theological Seminary, preached a good sermon at the Baptist church Sunday morning.

Rev. J. M. Taylor, of near Washington City, has been called by the Baptist church congregation here and he has accepted. Mr. Taylor is now attending the Baptist Theological Seminary at Louisville and he will begin his pastorate next Sunday morning at 11 o'clock. There will also be services at 7 o'clock that evening.

An experienced teacher says that pupils who have access to newspapers at home, when compared with those who do not, are better readers, better spellers, better grammarians, better punctuators, and read more understandingly, and obtain a practical knowledge of geography in almost half the time it requires others. The newspaper is decidedly an important factor in modern life. This will not be disputed by any one who has taken the trouble to investigate the matter for himself.

## How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. G. L. Penny.

Tramp—Madam, I am suffering from indigestion.

Lady—why, I'm sorry. What can I do to help you?

Tramp—Madam, you can cure me instantly by giving me something to digest.—Harper's Weekly.

## Gentle and Effective.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head. Price 25 cents. Samples free at all druggists."

Frank Hitchcock, First Assistant Postmaster General, may be the successor of John W. Yerkes as Commissioner of Internal Revenue, it is stated, as he has an intimate knowledge of the political game in Ohio. An Indiana man possibly will get another berth for which Hitchcock was slated.

On April 15 changes in the local government of the Panama canal zone, which will abolish all the municipal governments now in existence and result in the harmonizing of the various parts of the zone will become effective.

Refusal of "tainted money" by churches and colleges will be an important factor in restoring public righteousness, declared William Jennings Bryan in a speech at Washington under the auspices of the Y. M. C. A.

Former Controller of the Currency James H. Eckels was found dead in his bed at his home in Chicago. He was head of a bank and connected with numerous large industrial and financial concerns.

Five thousand people attended a peace meeting in the big Christian Science temple in Boston. One of the speakers was John D. Long, Secretary of the Navy during the Spanish War.

## Cured of Rheumatism.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm.

You are certain to be pleased with the relief which it affords. For sale by all druggists.

## EUREKA!

Yes I Have Found it at Last. Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by all druggists.

## The Interior Journal.

E. C. WALTON.

J. T. ROBERTS

Is a candidate for Magistrate in the Crab Orchard Magisterial District, subject to the action of the democratic party.

JOHN J. MOSER

Is a candidate for jailer of Lincoln county, subject to the action of the Democratic party.

I. M. BRUCE

Is a candidate for jailer of Lincoln county, subject to the action of the Democratic party.

JAMES C. HAYS

Is a candidate for jailer of Lincoln county, subject to the action of the Democratic party.

THE first gentleman to announce his candidacy for speaker of the next House of the Kentucky Legislature, which will convene in January, 1908, is Hon. William Jennings Gooch, of Simpson county, who has just been renominated for the third time without opposition by the democrats of his county. The writer had the honor to serve with Mr. Gooch for two terms, in the sessions of 1904 and 1906, and with great pride he can say no legislator stood higher in the estimation of the members than Mr. Gooch. He was floor leader for two sessions and in that capacity showed himself to be a wise and conservative one and always was just and fair to his brother members, winning the admiration of all by his gentlemanly demeanor and courteous treatment. His experience and knowledge of State affairs, which he has given much of his time and thought, better equips him for the high position that he aspires to—speaker—than any one we know of. Having such a high personal regard and genuine love for Mr. Gooch we can only wish for him that success which he so richly deserves and, that is, here's hoping he may win the speakership as easy as he did his third nomination—without opposition. A.

THE unexpected has happened again. At least nine out of every 10 men thought that Harry K. Thaw, slayer of Stanford White, would be acquitted, but that's where they were wrong. The jury hung, seven being for a verdict of murder in the first degree and five for an acquittal on the ground of insanity. It is claimed that the "unwritten law" had no part in the jury's deliberations, but the question considered was whether or not Thaw was sane when he shot White. Thaw now faces a long summer in prison, as he will not be tried again until the October term of court, if at all, and Grandstand Player Jerome has announced that he will strenuously oppose any application for bail. The jury's failure to agree will have no effect on public opinion and the great majority will continue to believe that Thaw should have been given a chance when he slew the professional debaucher of young women rather than punishment for doing that which should have been done when White began his hellish work.

HON. JOHN W. YERKES has resigned as Commissioner of Internal Revenue, which place he has held for several years. He will enter the practice of law in Washington, having become associated with an important firm in that city. Mr. Yerkes resigned partly on account of his health, but also largely on account of the fact that his recommendation in the distribution of offices in Kentucky has not been as highly regarded as his position would justify. His successor has been named by Secretary Cortelyou, but has not been announced. Under no circumstances will Mr. Yerkes accept the republican nomination for governor of Kentucky.

THE lawless situation in Christian and adjoining counties is becoming more acute. Masked night raiders are forcing farmers to join the tobacco growers' association, and matters are in even a more chaotic condition than during the infamous turnpike raids a number of years ago. The success of that movement is an incentive to the lawless class to push their operations, but it is hoped that the courts and the law abiding people will aid the Governor in restoring order. A few misguided men must not be permitted to bring further disgrace upon the State.

In appreciation of the stand he took in discharging the Negro soldiers at Brownsville, President Roosevelt is to be presented a jeweled "big stick" by the citizens of that place. The large walking cane is made of Mexican coffee wood exquisitely carved. It will be forwarded to the President in a few days with this inscription: "A Big Stick for Teddy to Make the Senate Committee Give Brownsville a Fair Showing."

CONGRESSMAN HUMPHREY, of Mississippi, in an interview in Washington, says John Temple Graves is suffering from some form of dementia, and declares that the South, while friendly to President Roosevelt, is not ready to cast its vote for him in the next election.

THE Greater Louisville Exposition cleared \$6,000 besides giving Louisville advertisement worth many times that amount.

THE lower branch of the New York Legislature evidently wants the poor man to get a share in the sport. It has passed a bill limiting the amount of money that a candidate may spend in trying to break into an office. For Governor the maximum is \$10,000. For Congressman the limit is \$4,000, which is but little more than six months' salary at the new rate.

A KANSAS man, aged 102, is grieving himself to death because he fears he will not live to vote for Mr. Roosevelt again. As the election is but one and a half years off, and as he is sure to be a candidate again, the old fellow should cheer up and help the multimillionaire corporations to defeat.

THE pictures, furniture and decorations belonging to Stanford White, who was killed by Harry K. Thaw, brought \$177,377 at public sale in New York City. Verily all the fools are not dead yet.

### POLITICAL.

The men charged with bribery in the recent whisky election in Lebanon were held over to the grand jury.

James H. Seely has been appointed postmaster at Titus, Laurel county, and James R. Mullins at Weed, Adair county.

A resolution that Roosevelt should make way for Bryan for President in 1908 was adopted by the Missouri Legislature, after tabling a resolution lauding Roosevelt.

William J. Bryan, in his paper, the Commoner, prints an editorial urging the National Democracy to consider a Southern man as its candidate for the presidency in 1908.

A bill has been introduced in the Wisconsin Legislature to compel women of means to support invalid husbands. The bill is aimed at rich wives of old soldiers in veterans' homes.

Within 10 minutes after it adjourned sine die, the Texas Legislature was reconvened in special session by Gov. Campbell to pass certain laws regulating corporations, which he desires enacted.

George L. Perryman, of Adair county, has announced his candidacy to represent the Cumberland-Adair district in the lower House of the Kentucky Legislature, subject to the action of the Republican party.

Gov. Patterson, of Tennessee, vetoed the Anti-Jug Bill, giving as his reasons that interstate commerce made the law ineffective and would simply discriminate against Tennessee dealers without preventing the consumption of whisky.

Representative Tawney, of Minnesota, thinks the difficulties of building the Panama canal have been somewhat exaggerated and advances the prediction that, at the present rate, the ditch will be completed in five years.

Democratic Congressmen in Washington are not faltering all over themselves to endorse the idea of Editor John Temple Graves; that Bryan should place Roosevelt in nomination for the presidency at the next National Democratic Convention.

John Temple Graves is trying to advertise himself at the expense of Mr. Bryan. His suggestion that the Democrats nominate Roosevelt next time, and that Mr. Bryan make the nominating speech, is nonsensical and jackassical.—Frankfort Journal.

Mercer county democrats will hold a primary June 1 to nominate a candidate for Representative. The only candidate is Glave Goddard, and if no others announce the committee will meet again May 18 and declare Mr. Goddard the nominee.

The question of the much discussed dog tax law, enacted by the General Assembly of 1906, was formally brought before the Court of Appeals Saturday by an appeal from the judgment of the Carter Circuit Court, where the act was declared unconstitutional. Judge M. M. Redwine, who during the legislative session, was the representative from the counties of Carter and Elliott, was on the bench and ruled the new act unconstitutional. Strange as it may seem, Judge Redwine was one of the most ardent advocates of the measure, when it passed the House, and made a speech in its favor, when it was offered.

THE other candidate withdrawing, Hon. Will H. Shanks was given the nomination on the democratic ticket to make the race for representative of Lincoln county. Mr. Shanks is a young man of splendid ability and integrity and his party will never have cause to regret its action in giving him the nomination.—Lancaster Record.

### An Insidious Danger.

### Here and There.

Baltimore rectifiers made a pilgrimage to Washington to ask that the new labeling decision be held up, or, if it is not, that it be tested in the courts before being enforced.

Owensboro is in the middle of the hottest political fight it has ever had, the issue being the question of open saloons. Both sides have money and each is confident of winning. The election will be held on Saturday, when a large vote is expected.

About 300 representatives of different sections of the country are expected to attend the meeting of the National Publicity Bill organization at the Victoria Hotel, New York, to-day. W. J. Bryan, Samuel Gompers and others are expected to speak.

Jim Hughes, Negro, was shot and killed in Lexington while resisting arrest. Two patrolmen raided a crap game and Hughes fought the patrolmen. While one of them was wrestling with the Negro both officers fired and each bullet found a vital spot in the Negro's body.

NEWSOM.—Mrs. William Newsom, who was sent from the Highland section to the Lakeland Asylum a year ago, died there a few days since and was buried at Mt. Moriah church at Highland Friday. She was a Miss Rogers and is survived by her husband, who now lives in Puiaski.

IN this issue will be found the announcement of Mr. John J. Moser, of the Gilberts Creek section, for jailer. Mr. Moser is a son of Mr. William Moser and is a hard-working, honorable gentleman and a democrat from the crown of his head to the sole of his feet. He has always taken a keen interest in politics in Lincoln and has always supported the regular nominees of his party, doing what he could to promote its interests. Mr. Moser has a large relationship as well as an influential one and he will be a formidable candidate no doubt in the race when it is pulled off.

NEVIUS.—Edgar M. Nevius, who died from the effects of a fall while in the employ of the Galveston, Texas, fire department was buried here Sunday afternoon after funeral services at the home of his mother, Mrs. Mattie Nevius, by Dr. Wm. Shelton. His widow, who was a Miss Sparrow, of Marion, and three children, two boys and a girl, and a brother-in-law, Mr. William Sparrow, accompanied the remains to this place. Mr. Nevius was 33 years old and was a resident of this place until some six years ago. He was an exceedingly clever, kind-hearted young man and was well liked by all who knew him. He had been a member of the Baptist church since his childhood. Great sympathy is felt for his widow and children and the mother, sister and brothers. May the giver of all good and perfect gifts comfort and sustain them in the hour of their great bereavement. It was not while he was fighting flames that Mr. Nevius met with the accident that cost him his life. The fire had occurred 24 hours before and another member of the fire company had been sent up a high ladder to get some papers out of a vault. The ladder broke and they fell to the ground, both sustaining fatal injuries.

THE new skating rink at Danville will be opened to the public on Thursday night, April 18. The rink has just been completed and is one of the handsomest in the State. It is 78x160 feet and the floor is the best that can be had. A 32,800 orchestra will furnish the music, which is equal to 40 pieces in a band. Skating will begin at 7 o'clock on the opening night and will continue until 10, after which there will be a grand ball until 12 M. A special train will bring over 200 people from Lexington and quite a crowd will attend from here. The skating fever has struck the country and the Danville rink is said to be the best in the State outside of Louisville. Special attention will be paid all visitors and a fine time is expected the opening night.

A well-known judge on a Virginia circuit was reminded very forcibly, the other day, of his increasing baldness.

One of his rural friends, looking at him rather hard, drawled: "It won't be very long, Judge, fo' you'll hev to tie a string round your head to tell how fer up to wash your face."—Green Bag.

DANVILLE COURT.—A fairly good  
crowd attended Danville court yester-  
day but business was not good. There  
were only a few cattle on the market  
and no sales reported. The horse show  
was hardly up to the average. The  
heavy Indiana mares sold by B. G. Fox  
brought \$200 to \$250.

Night riders, all masked, left warn-  
ings pinned to rural mail boxes at the

who were visited complied with the  
order at once.

The Clark County Board of Control  
of the Burley Tobacco Society has  
received about 1,500,000 pounds of  
tobacco, and will receive no more in  
winter order. In a few weeks work will  
begin packing this tobacco. A ware-  
house will be erected at Winchester at  
once, in which the tobacco will be  
placed as it is packed. About \$40,000  
was paid out to tenants and others who  
were obliged to realize on their crops at  
once.

H. F. Hillenmeyer, of Lexington,  
one of the best-known horticulturists  
of the State states, that the fruit is by  
no means all killed. He says that  
strawberries, blackberries and rasp-  
berries have not been hurt, and though  
the peach crop is damaged it is not de-  
stroyed. He thinks the cold weather  
will be of benefit to the wheat, oats  
and other growing crops, as it will ar-  
rest the abnormal development caused  
by the warm weather in March.

**IN MEMORIAM.**

In memory of Miss Mary L. Grimes,  
who died at Lancaster March 18. These  
lines are dedicated to her sisters:

Our sister Mary's gone to rest  
Among bright angels fair,  
And if we seek to do our best  
We'll surely meet her there.

She loved her sisters dear as life  
Together with her brother,  
And gained a victory in the strife;  
Now she is beckoning to mother.

Oh how she used to sing and play,  
How father often speaks  
And says he'll meet her some sweet day  
And walk the golden streets.

Now sisters, my friends,  
Be noble, brave and true  
And you the victory sure will win  
And walk with Mary too.

Though we are far apart  
With many miles between,  
I hear the beating of your heart  
And help you bear the pain.

**A Woman Tells How to Relieve  
Rheumatic Pains.**

I have been a very great sufferer  
from the dreadful disease, rheumatism,  
for a number of years. I have tried  
many medicines but never got much  
relief from any of them until two years  
ago, when I bought a bottle of Chamber-  
lain's Pain Balm. I found relief  
before I had used all of one bottle,  
but kept on applying it and soon felt  
like a different woman. Through my  
advice many of my friends have tried  
it and can tell you how wonderfully it  
has worked.—Mrs. Sarah A. Cole, 140  
S. New St., Dover, Del. Chamber-  
lain's Pain Balm is a balm. The  
relief from pain which it affords is  
alone worth many times its cost. It  
makes rest and sleep possible. For  
sale by all druggists.

"I am not Harry Thaw. You people  
quit looking at my diamonds." This  
was the declaration of a New York  
traveling salesman at the Grand Thea-  
tre in Owensboro. The salesman was  
evidently suffering from a "brain-  
storm," and the officers were called to  
take charge of him. He seems to be  
demented on the subject of the Thaw  
trial. His house in New York has  
started a man to take charge of him.

Prices for tobacco in the Hopkinsville

the crops.

### NABOTH, JR.

Naboth, Jr., is a rich red bay, 7 years old  
and full 10 hands high, weighs 1,250 pounds,  
and is a horse of wonderful beauty, having  
a long, rangy neck and carrying a fine tail.  
He is a good horse and heads with a bold  
round action and like all sons of old Naboth  
he has great natural speed in harness and a  
greater racing horse can not be found in  
the State of Kentucky. I have been a deal-  
er in horses for years and you will find  
him for all markets in this country and  
I am anxious to encourage the breeders of  
horses to continue to raise better ones. As  
is generally known there is a scarcity of  
good horses, and those suitable for the  
racing market bring fancy prices. If the breed-  
ers would raise a number one horse they

must take the mares to the right kind of  
stresses, that will produce that type of horses  
that the market demands, and for which the  
public is willing to pay high prices. I pur-  
chased this great young stallion at a fancy  
price because he has size, style, action, beauty  
and thoroughbred.

If like begets like you can get the right  
kind of horses by breeding to Naboth, Jr.  
You will note that all stallions have  
blood of Old Naboth, Hambletonian, Old  
Messenger Chief, Red Wilkes, George  
Wilkes, Mambrino Chief, Pilot, Jr., and  
Harry Clay.
